

42 Days to the Playa

FIRST FULL CAMP MEETING • JULY 18, 2026

The fire is always burning.

— WHY WE GATHER

My eighth Burn.
No two have ever looked
alike.

The collective is here to enable each
person's journey, not to define it.

We build the home
together. Then each of us
chooses the day.

THE POSTURE

Not spectators. Participants.

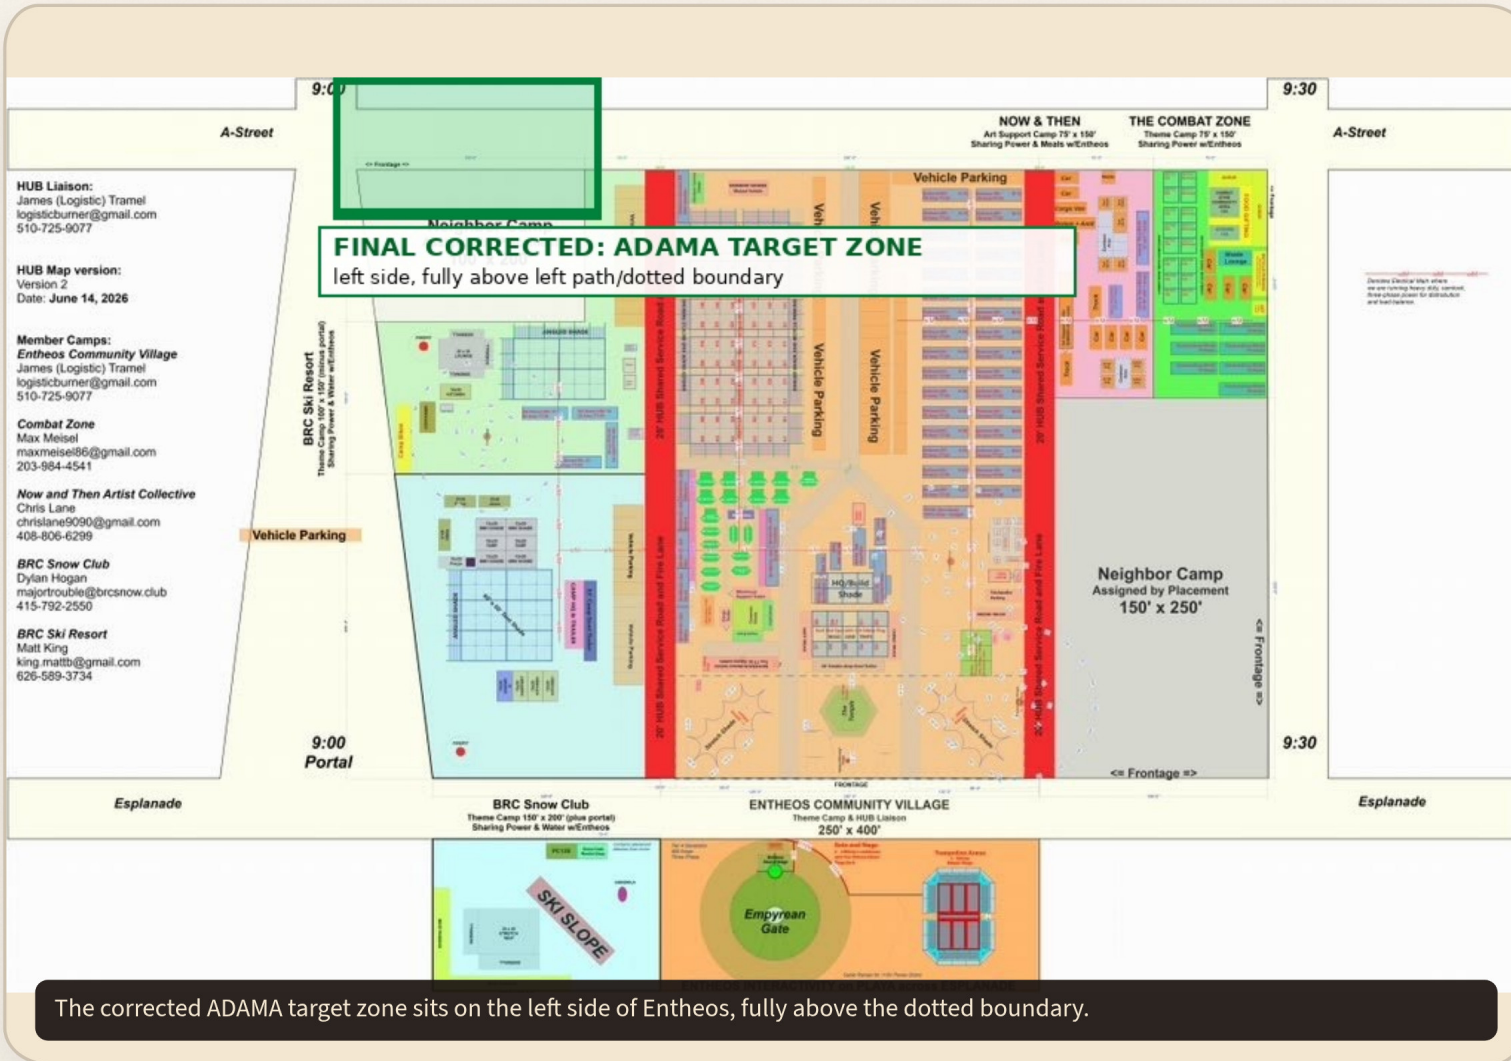

Some days we move together. Some days we disappear into Black Rock City. We always return to a home we built and care for together.

Choose your day.

Offer something real.

Leave room for
surprise.

ADAMA
PARTICIPATION

PUBLIC SHORTHAND

9:15
@ Esplanade

Inside Entheos Community Village,
between 9:00 and 9:30, from
Esplanade toward A Street.

The Temple and Fire Pit positions are still being finalized. This map only claims what the source proves.

Exact v9 geometry, redrawn for presentation. Temple and Fire Pit placement remains pending.

The journey to Playa

FRIDAY • AUG 28 • 6 PM

Gather

Dinner in Mountain View. Whoever can attend is welcome. We begin as one camp.

SATURDAY • BUILD PATH • BY NOON

Reach Playa early

At least two people and one qualifying RV travel independently and arrive by 12 PM.

SATURDAY • MAIN RV PATH • BY 4 PM

Complete pickups

Two El Monte RVs pick up in Dublin from 1 to 4 PM. The other four RV groups have separate plans and coordinate any shared rendezvous.

Saturday night: Reno overnight or direct to Playa, based on current traffic guidance.

AUG 30 TO SEP 7

The Burn, then return

Each RV group remains responsible for returning its own vehicle correctly.

— THE OPERATING PROMISE

Freedom during the Burn. Responsibility before it.

B

Building

Create the home before the camp arrives.

R

Running

Keep the camp safe, welcoming, and functional.

S

Striking

Return the ground clean and close the loop.

One primary group each • Everyone also tends the fire

— BEFORE THE GATE OPENS

Building

Create the home that lets everyone else arrive.

Minimum on Playa

Two people and one RV by noon on Saturday, August 29.

Build the essentials

Shade, kitchen, water, lighting, tents, RV placement, and shared spaces.

Handoff matters

The build is done when the camp is safe, usable, and ready for the next group.

— DURING THE BURN

Running keeps the home alive

01

Fire Pit Operations

Manage gas, safety systems, and Entheos technical coordination.

02

Temple

Support the activation once its scope and placement are final.

03

Camp Point

Hold the daily operational picture and coordinate with Entheos.

04

RV Services

Coordinate water, pump-outs, servicing, and the shared plan.

Additional Running responsibilities: distinct from the separate Fire Shift every camper completes. Final mechanics follow the form and Entheos safety constraints.

Everyone tends the fire.

This is how we host the Playa together. Tend the space. Welcome whoever arrives. Leave it ready for the next shift.

UNIVERSAL COMMITMENT · SHIFT DURATION AND STAFFING STILL BEING FINALIZED

We leave
the
ground
clean.

AFTER THE BURN

Striking closes the circle.

- 01** Remove and pack the shared setup safely.
- 02** Sweep the footprint and complete the MOOP check.
- 03** Finish the Entheos handoff and return equipment correctly.

Exact strike timing is finalized after camper constraints are known.

A responsibility is real when it has...

1

An owner

One person knows the commitment is theirs.

2

A time

The start, duration, or deadline is clear.

3

A clear done

The handoff condition is visible and specific.

4

A backup

If plans change, ownership moves only when confirmed.

— BEFORE YOU SCAN

What the form asks

- Your ranked group preferences
- Any group you cannot join
- Roles that genuinely interest you
- Your preferred partner, if any
- Travel and timing constraints
- Mobility, health, or fire-shift needs

Tell us what is true. Flexibility helps, but hidden constraints help nobody.

— AFTER THE FORM

One clear plan, built from real constraints.

1

Collect

Every camper submits one complete response.

2

Synthesize

Preferences, needs, and coverage are reconciled.

3

Assign

Roles and shifts get owners, times, and backups.

4

Confirm

The final operating plan is published to the camp.

No roles are assigned in this meeting.

— THE ROOM IS OPEN

What do you need to know, challenge, or name before this can work?

Questions now make the plan stronger later.

Travel or timing

Role preference

Safety or accessibility

Something we missed

Choose your role.

DUE MONDAY, JULY 20 • 6:00 PM ISRAEL TIME

One response per camper. About six to eight minutes.
Tell us your preferences and constraints.

THE FIRE IS ALWAYS BURNING.

OPEN THE ADAMA FORM

Roles, travel constraints, and fire shift

<https://forms.gle/r4WMahLmpMp31gz19>

We build the home together.
