

ADAMA 2026

42 DAYS TO THE PLAYA • FIRST FULL CAMP MEETING

Let's get the big things clear.

— A FEW WORDS BEFORE LOGISTICS

“This will be my eighth
Burn.
Every one has been
different.

The point of coming as a group is to
give each person more freedom, not
less.

We organize the camp now
so everyone can have their
own Burn once we are
there.

— HOW I THINK ABOUT THE WEEK

Sometimes together. Sometimes on your own.

There is no right way to do this. Follow what interests you, participate, and come back to a camp that we all help take care of.

Explore.

Participate.

Come back home.

ADAMA
PARTICIPATION

— WHERE WE ARE

Inside Entheos. 9:15 & Esplanade.

The map in the earlier version was wrong, so I removed it.

We will share the accurate map once it is final.

The Big C

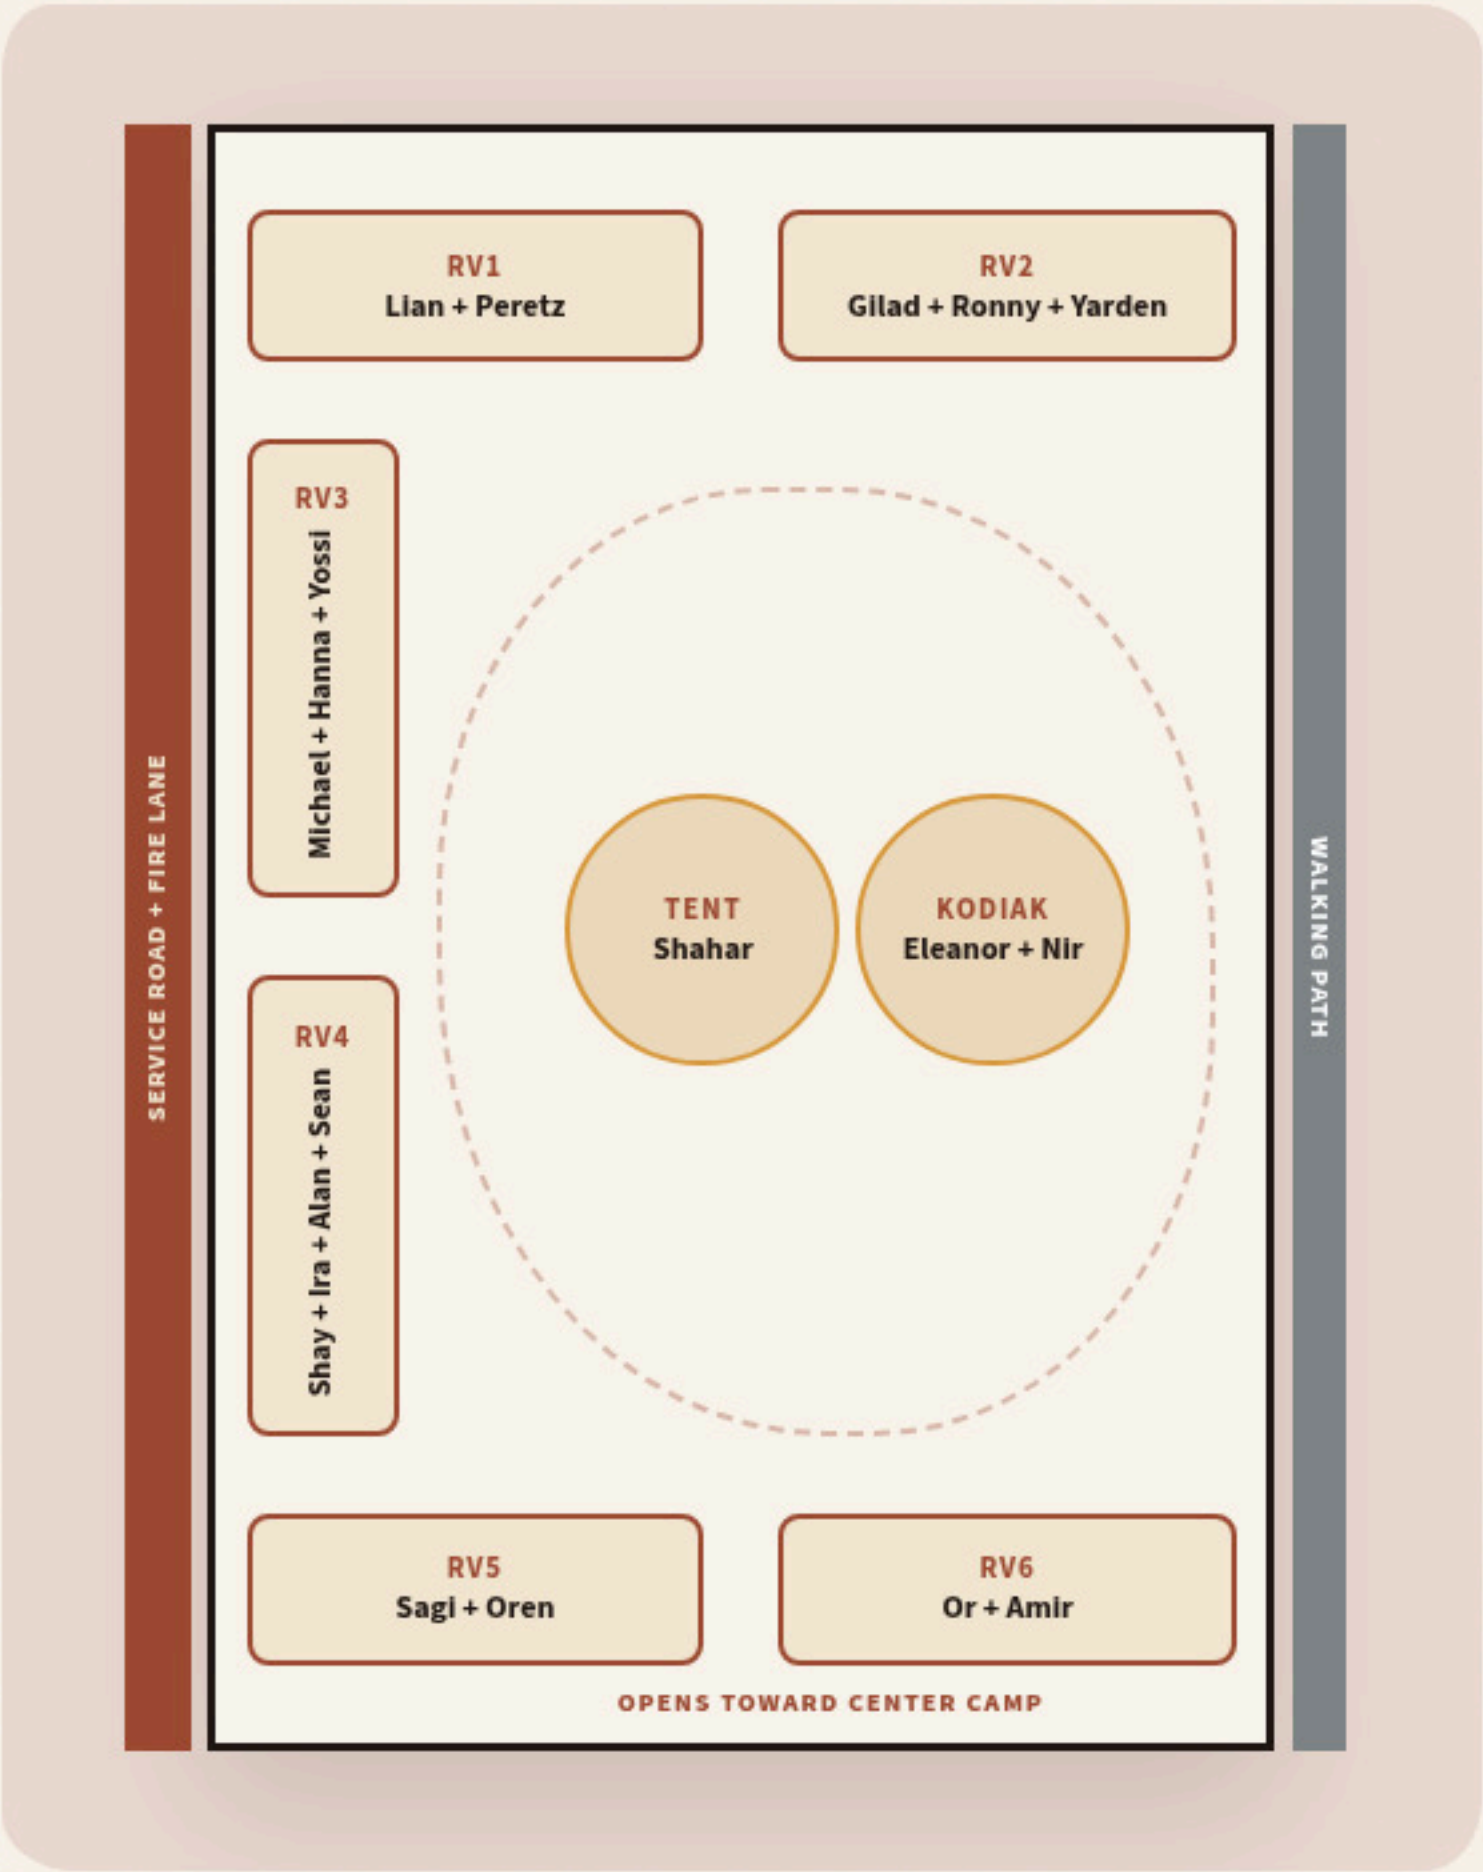

69 × 105
FEET

6
RVS

2
TENTS

RV 1 Lian · Peretz	RV 2 Gilad · Ronny · Yarden
RV 3 Michael · Hanna · Yossi	RV 4 Shay · Ira · Alan · Sean
RV 5 Sagi · Oren	RV 6 Or · Amir
Tents: Shahar · Eleanor + Nir in the shared Kodiak 10×10	

This is the current verified layout. Temple and Fire Pit positions are still pending.

Getting there

FRIDAY • AUG 28 • 6 PM

Gather

Dinner in Mountain View. Come if you can.

SATURDAY • BUILD PATH • BY NOON

Reach Playa early

At least two people and one qualifying RV travel independently and arrive by 12 PM.

SATURDAY • MAIN RV PATH • BY 4 PM

Complete pickups

Two El Monte RVs pick up in Dublin from 1 to 4 PM. The other four RV groups have separate plans and coordinate any shared rendezvous.

Saturday night: Reno overnight or direct to Playa, based on current traffic guidance.

AUG 30 TO SEP 7

The Burn, then return

Each RV group remains responsible for returning its own vehicle correctly.

— WHAT WE NEED TO COVER

Three groups. Everyone also takes a Fire Shift.

B

Building

Get the camp ready before people arrive.

R

Running

Keep the camp working during the Burn.

S

Striking

Pack up and leave the ground clean.

We will use the form to match preferences and real constraints.

— BEFORE THE BURN

Building

We need a small team to get there early and set up.

Who we need

Two people and one RV by noon on Saturday, August 29.

What they set up

Shade, kitchen, water, lighting, tents, RV placement, and shared spaces.

When it is done

The camp is safe, usable, and ready for everyone else.

— DURING THE BURN

Running

01

Fire Pit Operations

Manage gas, safety systems, and Entheos technical coordination.

02

Temple

Support the activation once its scope and placement are final.

03

Camp Point

Hold the daily operational picture and coordinate with Entheos.

04

RV Services

Coordinate water, pump-outs, servicing, and the shared plan.

These are additional camp responsibilities. They are separate from the Fire Shift that everyone does.

Everyone takes a Fire Shift.

Each of us will spend one shift tending the Fire Pit and welcoming people who come by. The exact shift length and staffing are still being finalized.

THIS APPLIES TO ALL OF US

We leave
the
ground
clean.

— AFTER THE BURN

Striking

- 01** Remove and pack the shared setup safely.
- 02** Sweep the footprint and complete the MOOP check.
- 03** Finish the Entheos handoff and return equipment correctly.

We will set the exact strike timing after we know everyone's constraints.

— KEEPING THIS SIMPLE

For every responsibility, we need four things.

1

One owner

One person knows it is theirs.

2

A time

The start, duration, or deadline is clear.

3

A clear handoff

Everyone knows what finished means.

4

A backup

If plans change, someone else confirms they have it.

What I need from you

- Your ranked group preferences
- Any group you cannot join
- Roles that genuinely interest you
- Your preferred partner, if any
- Travel and timing constraints
- Mobility, health, or fire-shift needs

Please tell us what is true, especially your constraints. That is how we avoid building a plan that does not work.

Then we'll put the plan together.

1

Collect

Everyone submits one full response.

2

Match

We line up preferences, constraints, and what the camp needs.

3

Draft

We propose roles and shifts with owners and backups.

4

Confirm

We share the final plan with everyone.

No roles are assigned in this meeting.

— BEFORE WE FINISH

What is unclear?

Travel, roles, timing, safety, or something we missed. Ask now.

Travel or timing

Role preference

Safety or accessibility

Something we missed

Please fill this in.

DUE MONDAY, JULY 20 • 6:00 PM ISRAEL TIME

One response per person. Six to eight minutes. Tell us
your real preferences and constraints.

THANK YOU

OPEN THE ADAMA FORM

Roles, travel constraints, and fire shift

<https://forms.gle/r4WMahLmpMp31gz19>

That gives us what we need to build the plan.
